

Education

M.Eng, Electrical Engineering and Computer Science, MIT	2025 - 2026
S.B., Electrical Engineering and Computer Science and Biology, MIT	2021 - 2025

Selected Projects

FPGA-based GPS Receiver	Fall 2025
• Read navigation data from GPS signals post-acquisition on the Xilinx RFSoc.	
Takelma Language Dictionary	2025
• Designed a dictionary website for the Cow Creek Band of Umpqua Tribe of Indians.	
FPGA-based Vowel Detector	Fall 2024
• Built a real-time speech recognition device for vowels on the Real Device Urbana Board.	

Work

onepot AI	2026 – present
Jane Street Trading Intern	Summer 2025

Publications

- Reynolds, E., Trauger, M., Li, F.S., **Huang, J.**, Moss, T., Christ, B., Xu, M., Knoch, E. and Weng, J.K. Elucidation of gene clusters underlying withanolide biosynthesis in ashwagandha through yeast metabolic engineering. Nature Plants (2026).

Awards

International Olympiad of Linguistics Gold Medal (Rank 3 individual)	2021
USA Biolympiad Silver Medalist (Top 8)	2021
USA Junior Math Olympiad Honorable Mention (Top 24)	2019

Teaching

MIT 6.780 (Inference and Information) Teaching Assistant	Spring 2026
MIT 18.404 (Theory of Computation) Teaching Assistant	Fall 2023, 2024, 2025
MIT 18.701 (Algebra I) Teaching Assistant	Fall 2022
